A full weekend with **CathyAnn Beaty**, master facilitator from Minneapolis for workshops, performance and individual sessions. Plan to participate in ALL of these special opportunities to connect with your creativity through simple story, song, stillness and movement forms and the principles of the "Ethic of Reciprocity" as it is found in cultures throughout the world. . On Sunday evening, with the help of our audience, and **MASANKHO** and the **PACHA MAMAS** we will create a performance in the moment about what it means for humans to deeply know that we all share needs, loves, pains and hopes.
