

tennessee presents

Gathering the Energies A Healing Touch Retreat by the Tennessee River

Sept 22-24th (Friday 6pm- Sun 3pm)

Come gather with us at the river and absorb the natural chi, or life force, which is very strong over a large body of water. Experience the balance and harmony of your own energy with an introduction to Healing Touch biofield therapy by Kathleen who'll share how to tap into Source energy and to recharge others without depleting ourselves. Based on the time-honored tradition of laying-on-of-hands, this method is now used by families, clergy, care takers, and health care providers world-wide. This is an opportunity grow your knowledge of healing practices, and nurture yourself and to experience your creativity and ability to connect. Diane will host us, and lead the group in some play-full, art-full activities involving movement, story, song and sound as a perfect complement to what we do with our own bio-fields.

a **FREE BOOK & CD**
if you register before Sept. 6th!
8 hrs CEU for massage therapists, nurses

facilitated by

Kathleen Rosemary, LMT, certified healing touch instructor

Diane Saliba Ault, InterPlay regional leader
